The Motionless EP represents a new direction for the Death Beats, fusing vintage outboard synthesizers alongside the cream of today's music technology, resulting in a vivid sound-scape of beautiful synth layers and modern day beats.

Setting aside their trade mark sounds, the boys swap growls and womps for a fat selection of catchy analogue leads, funky synth plucks and sweeping string layers set to thunderous Moog style bass lines.

Drum & Bass legends, Ragga Twins lay down a heavy vocal for 'Pressure & Pain' while LA based Folk singer and songwriter Lucas Last gives an added dimension of soul to the title track 'Motionless'.
